Thank you for supporting STEAM education in Central PA! Whitaker Center recognizes the best investment we make and a pivotal need we fulfill is in the educational engagement of our youth. We invest in a child's early years all the way through their elementary, middle and high school experience.

Whitaker nurtures critical-thinking, problem-solving and collaborative-learning opportunities proven to be a gateway to life-long learning. By offering hands-on activities that peak interests, Whitaker is inspiring the next generation of scientists, engineers, mathematicians and more.

Each year our STEM Scholarships provide thousands of students and chaperones, free or reduced admissions cost to Whitaker Center programs.
